Title:

Inclusive party at Mensch Meier Berlin

Description (EN):

Photos from the Spaceship inclusive party at Mensch Meier: "The inclusive-subversive happening at Mensch Meier wants to shoot the boundaries into space with you and celebrate with you whether with or without handicap." ++ on 28.01.2017 in Berlin (Berlin).

//////////////////// Editor's note:

To check whether this is really an "inclusive party", journalists* should ask themselves the following questions: - Are people with disabilities allowed to stay until the end? - Is alcohol served (some parties do not allow disabled guests)? - Are guests without disabilities (other than assistants and caregivers) also present?
