Title:

"Fully in the picture" A workshop for the nondiscriminatory use of images in reporting.

Description (EN):

New media makers for nondiscriminatory image reporting: Images play a fundamental role in media reporting. Therefore, it is important that they depict reality as realistically as possible. And yet the photos used in the press are often influenced by clichés, stereotypes and the viewing habits of recipients. For this reason, Neue deutsche Medienmacher e. V., together with Sozialhelden e. V. and the Lesbian and Gay Association (LSVD), organized the workshop: "Fully in the picture" for the nondiscriminatory use of images in reporting."
